Death and taxes are the only certainties in life. Whilst our death is inevitable, we want to make our passing less stressful for our survivors by leaving clear instructions of our wishes. Peter guided us through the options and ensured we understood the details before taking our instructions. We were very satisfied with the entire process. 10/10

Peter Wood - Always on time - smart - and totally professional. Knew his job inside out, and completed our Wills with all questions answered and informed us about things we would even have considered. I have no hesitation in recommending him to my friends. Pity about his hand writing ?
